SO CENTRAL WITH NORTHERN ORIENTATION OVER RESERVE

Set in a terrific central location, this surprisingly large cedar house possesses a magnificent uninterrupted northern outlook across Kuarka Dorla Reserve.

Price: \$655,000

The house comprises four bedrooms, plus a large bathroom complete with European laundry.

With all the living downstairs including an open plan kitchen with polished floor boards and dishwasher, plus a carpeted lounge area with r/c air con.

The outlook is quite unique for the area in that it is so close to the centre of Anglesea and yet provides the feeling of privacy and isolation with northern light.
