THE MAJESTIC BAMBRA CHURCH

Here we have for sale the original Bamba Church located in a tranquil hideaway overlooking farmlands.

It has been used for holiday getaways by the owners and from time to time rented out to guests looking out for quiet time.

It has generated an additional income throughout the entire year.

It consists of one main bedroom with the original double doors opening out on to a patio which captures the morning sunshine.

The main living area is one large open plan room, as you would expect in a church.

The roof has ceiling fans to push the heat downwards in winter and in summer to generate cooling.

It also contains a separate storage shed at the rear of the property.

?It's just heavenly?.
