## OTWAY HINTERLANDS

Imagine looking over rolling hills for days without a person in sight. Just trees, valleys, vast tracts of verdant farmland and forest. You can sit and take in the view in front of the open fire, while enjoying a glass of pinot noir from your own vines; or you can take in the view whilst you tinker in the kitchen.

A mere 100-minute drive from Melbourne this tranquil country escape offers space, panoramic views of the undulating hills and distant ranges, access to the Otway Harvest Trail and close proximity to the many fantastic wineries in the surrounding region. With Lorne & the Great Ocean Road on your back doorstep and many fabulous restaurants including Brae within a 10-minute drive, this property really makes for the perfect weekender or an idyllic home, if like most you decide you simply can't leave.
