

20 Aireys Street Aireys Inlet, VIC

## CLASSIC AIREYS INLET BEACHSIDE RETREAT

Your Aireys Sanctuary awaits.

This eye-catching coastal escape is built to last. Enormous gum trees support soaring ceilings, rich timber floors highlight the impressive stone fireplace. The spacious open plan living area and kitchen is heated by the combustion fire and cooled in summer by reverse cycle air conditioning. Downstairs has two bedrooms plus a separate bathroom, laundry and w/c. The wrought iron staircase leads to a large mezzanine master bedroom, with walk-in robe and bathroom. This seamlessly transitions through a light-filled living room, to an open-air yoga deck with 320 deg views and a glimpse of the sea through the trees.
