WAKE AND WALK TO THE WAVES!

Set on one of Lorne's most sought-after streets, this classic beach house is all about relaxed coastal living. With sweeping ocean views and direct beach access just across the Great Ocean Road, it's the kind of spot where you can park the car and forget it.

Sitting on a generous 565sqm block, the home has an easy, no-fuss feel. Upstairs, the open-plan kitchen, living and dining area is full of natural light, warmed by a wood fire in winter and opened up to sea breezes in summer. Floor-to-ceiling glass takes full advantage of the north-east aspect, bringing in sunshine from morning to late afternoon. Step out onto the deck and take in the view - or head to the backyard for a bit of sun and space.
